A screenshot of a SQL IDE interface. The top toolbar contains icons for file operations, execution, search, and other database functions. A dropdown menu is open, showing 'Limit to 1000 rows' and a green refresh icon. The main query editor displays the SQL statement: `1 SELECT * FROM ems.employees;`. Below the editor, a table of results is shown with columns: `EMPLOYEE_ID`, `NAME`, `JOB_ID`, `MANAGER_ID`, `DEPARTMENT_ID`, `DATE_HIRED`, `SALARY`, and `COMMISSION_PCT`. The table contains 14 rows of data, including employees like 'JONES', 'SMITH', 'ALLEN', and 'WARD'. The bottom status bar shows '14 rows selected'.
